**Executive Director Mr. John Ware** reported on the following:

1. **State Audit:** The state auditor is in the process of completing an audit of the Board's operations for the period July 1, 2014 through June 30, 2016. We expect to receive an audit report sometime later this summer and I will forward a copy to the Board.
2. **Online Processing Update:** We are continuing to move forward with the online processing. We launched the online application for new schools and there is one new school pending on this Board agenda that completed the online application process. There will be a few more remaining items to transition online in the first part of the fiscal year and we should have the process completed in the next few months.
3. **Administrative Rules Update:** I have given the Board the preliminary report on the Administrative Rules scheduled for review this year. Although there are eighteen rules being reviewed, we are currently only recommending changes to three of the rules. We will have a committee meet to review the staff proposed changes this summer and likely bring the rules back to the Board again in July or September to start the CSI/JCARR review process.
4. **Student Disclosure Online Course:** We have posted a link to the online student disclosure course on our website for schools to review. The course will officially launch as of July 1<sup>st</sup>. In accordance with the resolution adopted at the last Board meeting, schools may voluntarily administer the course during the period July 1<sup>st</sup> - December 31<sup>st</sup>. Beginning January 1, 2017, the course will be required for all new students.
5. **Continuing Education Portal:** We continue to work with the Ohio Association of Career Colleges and Schools to establish an online portal for continuing education courses. We expect to have required online ethics, admissions, and compliance courses in the portal by July 1<sup>st</sup>.
6. **House Bille 532:** House Bill 532, currently pending in the Ohio House, would make several changes to Ohio laws governing real estate agents including changes to some of the pre-license training requirements. I testified in support of the Bill although I expressed some concerns that we have had in the past with "non-credit" courses and the lack of review oversight of some of the providers.

**Executive Director Mr. John Ware** reported on the 3<sup>rd</sup> Quarter Financial Report (see attached).
